CONTEMPLATION

Remember that in body thine a God is dwelling there;
Thy Temple from pollution free let is forever be.
Offend thou not thy God in thee, indulging in man's lusts;
Moreover if tormenting self thou groanest foolishly.
God has descended just to see the world with eyes thine,
Then breathe on Him with senses pure, the Breath of Sacrifice.
It's He in thee, that sees, feels, thinks, and speaks by day and night.
Be thus in all thou dost see, feel, think, speak—divinely bright.

We all admire a man who says what he thinks—as long as he says it about other people.

N. Y. Judge Arbitrarily Suspends Bill of Rights

Right of Organization Denied German-Americans

(New York Law Journal)
By Mr. JUSTICE HAMMER

Matter of **Voters Alliance for Americans of German Ancestry, Inc.—**

There has been submitted a certificate of incorporation of **"Voters Alliance for Americans of German Ancestry, Inc.,"** for approval. The name, in connection with the purposes set forth, **did not meet with my approval,** as it appeared provocative of the motion that an attitude was indicated to organize for domestic political action persons who might be resentful of the victory of the United States of America over Germany. The purposes **seemingly** intend political education for Germans seeking or granted naturalization as American citizens. They are broad enough to suggest that native Americans of German ancestry require political education within the affiliation of such an alliance. The idea of a group separated and apart from their fellow-Americans **seems** to be indicated.

Native Americans of German ancestry, and undoubtedly most of those who were German born, would resent any notion that they need such an affiliation or to be educated to a knowledge that their rights and privileges are equal to those of their fellow citizens of other stocks. They know that all citizens have equal rights and equal obligations. The lives and records of American men and women of German ancestry and the public records throughout the United States show that German immigrants and their descendants have contributed mightily, and comparable with the contributions of those of other stocks, to the stability of the United States in peace and also in war. **No objection can be reasonably or fairly presented to a continuance of educational, culfural, and mutually advantageous association of those of German ancestry,** any more so than those of any other ancestry, even if it could be reasonably argued as to any, **which personally I question,** that love of or interest in the old might tend to reduce somewhat full undivided loyalty and adherence to the new allegiance.

But in the present relations between this nation and Germany, when our military forces are still in occupation of that belligerent, with its leaders on trial as war criminals, and with peace not negotiated or agreed upon in treaty, it seems more than merely inadvisable to attempt organization under the name **"Voters Alliance for Americans of German Ancestry, Inc.,"**

These matters were presented orally to the applicants, but they insist on formal approval or rejection and state: "The heretofore **almost proverbial lethargy and apathy of citizens of German ancestry in our political life** has prompted and originated the idea of the proposed membership corporation. There is not, to our knowledge, an organization or body which serves as an initial vehicle to cause these people to become thusly active. While the ultimate objective of our organization is the incorporation of these people into one or the other of our major parties, it is first necessary that they be educated to political thinking. Towards that end, we intend to acquaint them with the functions and operations of our party system, which to me is so integral a part of our democracy. The prospective members have had little or no education along these lines. The required preparation for citizenship is truly meagre and highly inadequatt for active and effective participation in community affairs. Neither of our major political parties has extended facilities to accomplish this end. One must realize that many of these people come to this country as mature persons, and attendance at one of the evening classes provided by some schools appears hardly the most suitable medium for this end."

With these statements I cannot agree. They are contrary to personal experience, commonly known facts, statistics and American history. Americans of German ancestry loyal to their country and citizenship have enjoyed the educational facilities of our schools and have actively participated in the civic, political, public and social life of America, as well as in business, commercial and industrial life, in all of which they have been noteworthily successful. There has never been any fair or just criticism of such contribution. Some, it is true, who professed allegiance to America but gave aid to the enemy were prosecuted and some were deported. But that undoubtedly had the wholehearted approval of the vast majority of Americans of German ancestry. There are other existing organizations of Americans of German ancestry who are performing functions similar to the purposes proposed in the certificate, such for example as the Steuben Society of America, named for the great German who rendered remarkable service to our country as a general in the American Army of the Revolution. I know nothing of the good faith of these applicants and **do not question it.** I question only the advisability and usability of the name under the circumstances and time. The application for approval of the certificate under the proposed name is denied .

Editor's Note: Of course, the ruling by Justice Hammer is to be appealed, if needs be to the U. S. Supreme court for it is a complete denial of the First Ammendment to the U. S. Constitution. Mr. Hammer would not dare deny the right of Jews to organize, who have not one but dozens of organizations in every large city in the U. S. A. **And would the Jews admit Gentiles into their organizations?** Therefore, where is the **legal objection?** Mr. Hammer hems and haws that it **"seems"** to him objectionable.

Larry Imig, San Diego's 'Henry Kaiser'

ONE MAN'S 'SUCCESS' BASED ON DOWNFALL OF THE AMERICAN WAY OF LIFE

The daily papers are full of praises in San Diego of the man who succeeded because the nation failed. The yellow press, feeding on advertising, naturally, will praise its advertisers who "arrived". That his success emphasizes the destruction of "small business" enterprizes never enters the vapid heads of the Mammon worshipers.

Larry H. Imig, the farm boy from Nebraska, a German Lutheran who refused to tell us whether he was a Republican or Democrat, is being featured on the opening of a new wooden hotel with a false brick front, Imig Manor, on El Cajon boulevard, as another "Henry Kaiser". And the simile is perfect. Both have risen as a result of the misery and havoc played with the American system of individual initiative by the Newdealers. To produce a Henry Kaiser thousands of individual businessmen had to be put out of business first in various ways. Drafted into the army for the war of Russian conquest of Poland and the whole of central and eastern Europe, many a contractor lost his business; with OPA the rest were knocked out and then the Newdeal favorites, like Henry Kaiser, financed with taxpayers' money, went to town.

Lary Imig "succeeded" in San Diego where hundreds of building contractors and lumbermen failed. Their failure meant money to him He started out with a lot that he had traded in for a car, built a house on it and because of the criminally planned housing shortage by the Newdealers, naturally, sold the house at an exhorbitant profit. So he saw the light. Capitalizing on this un-American Newdeal feature of scarcity: "we planned it that way", he plunged and came out with housing projects, building cheap structures, selling them at fabulous prices, at least a downpayment, if he gets the rest of the money, and enlarged. While other contractors were restricted Imig got materials in mysterious ways described by his publicity crowd as follows:

"When he couldn't find lumber to build his hotel, Imig sent crews of entertainers and smooth-talking experts to the Oregon woods. They came back with the goods."

And the result was that when legitimate lumbermen wanted their orders filled, they could not meet Imig's competition and San Diego's legitimate business went down before the smooth-talking farm boy from Nebraska who discovered a goldmine in the OPA which could be exploited if one was not too darn scrupulous and appealed to the weak side of men and women.

When legitimate buyers went to Oregon for lumber they were asked whether they knew Larry Imig from San Diego, he had bought up the supply, so there was none left. Now the US has indicted the Pacific Coast lumber mills for violation of the OPA price structure.

And this, ladies and gentlemen, explains how one man who is smooth enough can get away with it while legitimate business, bound by OPA regulation, goes broke and cannot build the homes that are so badly needed.

And to add insult to injury, Larry H. Imig is now planning to have the Newdeal finance him with $2,000,000 taxpayer's money to establish a factory for cheap prefabricated homes that will wipe out the rest of the contractors in the building line with the very money they paid in taxes to the Newdeal treasury.

If Imig's business is a wholesome business venture why does he have to ask for public funds to finance it? Why does private capital not venture? Because Imig is betting against the American way of life and for the continuation of artificial scarcity that ruins business and brings to the top the smooth-talking adventurer who gets lumber by sending entertainers into the woods. Evidently, after getting them nicely "entertained" and the spirits are flowing freely, a nice "fireside chat" produces results. Then the U. S. indicts them.

Starting on a shoe-string Imig is supposed to have built more than 2000 homes and a wooden hotel with a false brick front, all estimated to be worth more than $3 million. While one cannot help giving him credit for irresistible energy, one wonders whether America's downfall is worth the success of one man who rises upon political corruption.

Lawyers' Group Asks Jaskson Be Impeached

CHICAGO,—Impeachment of Robert H. Jackson, United States Supreme court justice, is demanded in a petition sent to the United States house of representatives by the lawyer's committee of the hundred, a group of Chicago attorneys interested in protection of civil liberties.

William J. Powers, member of the committee, said the action was taken since the house and senate appeared to be "stymied" as to proper procedure in the feud between Justices Jackson and Black.

The petition charges that Jackson demonstrated a "peculiar unfitness to sit in judgment on American citizens in the future" by his tactics as prosecutor at the Nuernberg war guilt trials.

"In addition," the petition states, "the respondent has attempted to bring his own court into international disrepute by publicly denouncing one of the judges of the court."

Gerald L. K. Smith Wins Over Bigots Of San Diego City School Board

The Jew-controlled Red-leaning policies of the San Diego City School Board received a setback by the California Supreme Court.

Refusal of the board of education to allow the San Diego Civil Liberties union to hold a meeting in Roosevelt Junior High school auditorium was declared illegal by the state supreme court. The board had refused to allow the use of the auditorium because the organization would not sign an affidavit that it was not affiliated with any organization advocating the overthrow of the U. S. government.

The court issued a writ of mandamus on petition of the Civil Liberties union. In a majority opinion the court declared that the state is under no duty to make school buildings open to the public, but that "the state is without power to impose an unconstitutional requirement as a condition for granting a privilege even though the granting of the privilege is use of state property.

DENIES ASSEMBLY RIGHT

"Since the state can't suppress free expression except in **presence of clear and present danger,** it cannot enforce a precautionary measure that will deny the right of assembly to those whose political creed it disapproves."

The case was an outgrowth of the board's refusal last October to allow **Gerald L. K. Smith, America First leader** to use the Roosevelt auditorium for a speech. A superior court ruling upheld the board's ruling.

The Civil Liberties union was denied the hall for a meeting on the subject "The Bill of Rights in Post-War America." The organization went to court and contended that the board, under the Bill of Rights, acted illegally in requiring an affidavit.

Profound truth only offends little minds, but is always welcomed by those with capacity to grow. —James Bryan.

Civil Service Scandal In San Diego County

On the heels of letters from two department heads, criticizing county civil service "red-tape," Tax Collector Sam A. Claggett filed a letter with county supervisors asking the removal from office of Gordon W. Peterson, personnel director.

Claggett "recommended" the board "consider an amendment to the charter to increase the number of members on the civil service commission from three to five, to include one employe and one department head."

'INDEQUATE, IMMATURE'

The tax collector wrote:

"I believe that for several years we have had a personnel director who is quite inadequate and too immature from a business standpoint to direct properly the functioning of the civil service department."

Claggett characterized Peterson as "to theorretical and visionary, with a false, untrue opinion of elective officials in particular as to the honesty of their requests for employes and their promotion."

QUESTIONS IMPROPER

"Deserving employes, with experience in our offices but who have been away from school for several years," Claggett said, "have questions put to them that are reminiscent of school examinations and have nothing whatever to do with the particular office in which they are employed."

Frank T. Dunn, county counsel said that, to remove a personnel director from office formal charges would have to be filed with the civil service commission, which then would hold a hearing.

Roger N. Howe, county recorder, filed a letter with supervisors lashing out at "cumbersome" civil service procedure. Letters criticizing such procedure were filed by Crowell D. Eddy, assessor, and Chester D. Gunn, coroner-public administrator.

Editor's Note: That Peterson was an impractical and mentally unbalanced dreamer of unsound notions was evident at first glance after he was appointed. To blame Peterson and exempt the Commissioners who appointed him, aided, abetted and let him run hogwild, is to put the cart before the horse. If they had even a modicum of good sense they would have fired him long ago. What the county needs is intelligent commissioners. The superintendent is their tool. If he acted like a fool he merely proved the commissioners bigger fools than himself. The county supervisors should insist on the resignation of the whole outfit and start from scratch, building a sensible practical Civil Service administration.

Secret Ballot for Lawmakers Needed—Will Protect America From Minorities

By WASHINGTON ADAMS

America is badly in need of the Australian secret ballot for its legislative bodies and conventions, to prevent blackmail and coercion on the part of evil minority groups.

Representative Robert G. Connolly (Dem.) of Jamaica Plain, Mass., in fighting the vicious "F. E. P. C.," on the floor of the Mass. House, challenged his opponents to allow a secret ballot on the bill, but he was turned down

Mr. Connolly bitterly assailed "Jews and Negroes . . . as respectively the instigators and pawns of a movement" to enact the anti-White compulsory discrimination bill.

He charged that secretly an overwhelming majority of the legislators were opposed to the bill, and that they had been brow-beaten and threatened with ruin if they failed to support the bill, written and sponsored by the American Jewish Congress, among others. He felt that the Negroes were themselvves only a pawn of the Jews.

"I suppose," declared Connolly, as he charged Jews with trying to CONTROL THE NATION'S ECONOMY, "my house will be picketed—perhaps bombed, too—but that doesn't scare me."

CONSTITUTIONAL AMEDNMENT

Here is the Constitutional Amendment I would suggest: **All bills in every Congress and legislature to be passed three times before becoming a law, the first two ballots being by secret ballot, on separate days.**

Members could thus KILL BAD BILLS without the danger of coercion, intimidation, boycott and ruin by MINORITY GROUPS, sponsoring special legislation. If a bill is killed on the first or second "reading" and vote, that ends it.

If a majority passes the bill in the two secret ballots, THE THIRD AND FINAL BALLOT WOULD BE OPEN and recorded.

ALL BALLOTS IN CONVENTIONS TO BE BY SECRET BALLOT, also.

When our Founding Fathers wrote our Constitution they knew nothing about a secret ballot, for it was nearly a hundred years before it was invented in Australia.

BUT THEY DID CONDUCT THAT 1787 CONVENTION IN ABSOLUTE AND PLEDGED SECRECY.

Its proceedings were, unfortunately, not published for nearly forty years, and no one on the outside knew how any delegate voted on any question.

Our Congress would not be plagued by so many viciously evil bills as the F. E. P. C., anti-lynching, anti-poll-tax, British Loan, etc. if the secret ballot were in force.

ALL VOTES ON OVER-RIDING A PRESIDENTIAL VETO SHOULD BE SECRET.

All confirmations of a Presidential appointment—such as that of VINSON to the Supreme Court, should be by SECRET BALLOT.

Most secret lodges require secret votes in admitting new members. One "black ball" (voting by black and white marbles) will keep out an applicant from a Masonic lodge.

A new definition of a "democracy" is— a country run by organized minority groups." Such groups are carrying our country to hell, too, at an alarming clip.

Readers of this column might clip it out, send to their Congressman or Senator, along with a letter, urging its adoption.

I should appreciate hearing from my readers on this subject.

Will you help me agitate in its cause?

"THE SMOKEY GOD"

Dear Sir:

Some one told me you used to have a book store here in L. A. and one could get all kinds of **unusual books.** I have been told of a book titled **"The Smokey God".** Have you ever heard of it? or know where it might be procured? I do not know the author. It is the story of a man who in youth was a sailor and fisherman, who had a wonderful experience; by accident got into a cavern at, (I believe) the north Pole; was captured by underground people who lived in cities beneath the Earth's surface. Giants in stature. He was so small by the side of them they considered him a doll and exhibited him to the people. They kept him prisoner for years, but finally he escaped. Because of the things he saw and told after getting away, he was called crazy—insane—. I understand he lived out in Inglewood, Cal. He wrote a manuscript of the experiences he had and got a friend to have it published. He said they wouldn't do anything to him. He having it published but if he, himself, had it published they would put him in the asylum but wouldn't do anything to the other man—for printing something someone else had written.

But we know there are many cities in the interior of the earth.

I am hoping you can tell me something of this book. Would appreciate it very much if I could locate a copy. I imagine they are very rare as I can not find any in the libraries. Sorry to take so much of your time. I enjoy your paper very much, especially your stand for **justice.**

Yours truly, — — B. H.

My Dear B. H.:

I never had a bookstore in L. A. nor anywhere else. There was, or is, another person by exactly the same name who has been doing a lot of things in literary matters, poetry collections and promoting various literary clubs. Perhaps at one time he also had a bookstore. I could not tell.

As to THE SMOKEY GOD, if such a book was ever published it would be listed in the large catalogues which booksellers have regardless of time or place even if you don't know the author. I am publishing your letter to give our readers a chance to help you.

Is Arthur (the Voice) Bell a Swindler ?

AN OPEN LETTER

To: ROBERT KENNY. . . . .

Present Attorney General of the State of California, and Candidate for Governor of said State

From: ARTHUR L. BELL. . . . .

President and Sole Trustee of Christ's Church of The Golden Rule, (a non-profit, religious, California corporation)

* * * *

(Continued from last week)

By the middle of the year 1945, we knew that the "Christmas present" that we would have ready for our people that year would enable them to tell the world—if they so desired—that no one willing to study for our Christian ministry and to practice what he would be taught to preach, through the precepts of our Church, need ever again struggle in order to prove the abundant availability of the necessities of life which God has provided for His Children . . . . but that instead of struggle, it would only be necessary to honestly practice The Golden Rule of the strong helping the seemingly weak in order to provide an abundance of everything necessary for the happiness of mankind.

The concept of **absolute economic equality** which we consider to be the most important precept of Christ Jesus' teachings, requires that our people have no proprietary rights of any kind to the assets or revenues of our Church—and in fact not even the right to legally demand so much as a crust of bread, but instead that they would give freely of their talents and their energies and leave the provision of their human needs to the operation of God's laws which inevitably necessitate man's eventually reaping in precise accordance with that which he sows (no matter how many obstructions the carnal mind seems to throw into the pathway leading to such a result). Our Church acts as an expression or reflection of the Father-Mother-God Principle, and our people are referred to as "Children of the Church".

To provide for our student ministers and to make it possible for them to dedicate their lives and all of their worldly possessions to our Christian ministry, to the exclusion of all interests, it has of course been necessary for us, at the present stage of their unfoldment, to acquire the means by which to feed, clothe, house, and in other ways care for their needs. Instead of paying our student ministers a salary as is customary in the average church in order that they might seek their own individual homes and provide for their own needs, we must achieve a result similar to that of the Catholic Church, which takes care of the human needs of its nuns and priests. . . in other words, we have had to acquire resources and revenue which would take care of our people in rather an unique manner, since it is an essential of our ministry that our people live close together . . . . although they are IN the world, they are not OF the world, in the sense of materialistic interests and associations.

At best, it is not an easy thing for a man to grow away from the bondage of materiality, and we have felt that our student ministers would more rapidly measure up to a stature of spirituality of thought and action by having them, for the present, withdraw from worldly associations and gain strength from their mutual interest in the idealism of our teachings, and from a constant hour-by-hour and day-by-day association with those who were undergoing the same training in preparation for our ministry as themselves.

The subversive anti-Christian influences—to which I have herein referred—having learned of our success and knowing that within a few brief months, we would be announcing to the world at large that we had irrefutably proved the needlessness of living a life of working to get the money to buy the food to get the strength to continue to work to get the money to buy the food to get the strength to continue to work in an endless circle of utter hopelessness such as constitutes the lives of men generally throughout our entire world—(but that instead, freedom from struggle by the acceptance of the basic principles of Christ Jesus' teachings having been proved as a fact immediately available to any conscientiously sincere Christian man or woman actually willing to do unto others as they would have others do unto them, it would then be too late to successfully attack us)—decided to use every facility at their disposal locally (including your Attorney General employees) to destroy us.

What is everyone's business seems to be no one's business . . . . we have made it **our business** to prove that Christ Jesus' Golden Rule is practical as well as idealistic . . . but is that a just reason in this great Christian nation for the power of government itself to be used to destroy us?

Must those of us who have virtually been willing to lay down our lives on the alter of self-sacrifice and self-abnegation be obliged to be insulted as well as injured by the paid employees of our State government, whose salaries we help to pay, and whose support of the Constitution and Bill of Rights of this great country we have a right to expect?

Is it possible that a man of your background and stature and one who considers himself worthy to be the executive head of this great State of California would knowingly permit such a misuse of authority and power and of the taxpayers' money as we have experienced in the virtually indescribable persecution to which the employees of the Attorney General's office have subjected us during the past year?

Somehow, I cannot believe that if you took the time to know all of the available facts connected with this tremendous Christian crusade in which we are engaged, that you would do other than to make full force and power of the Attorney General's office or any other office of this State under your direction, or to which you could appeal, available to protect the vision of Christian idealism to which we have dedicated our lives.

I went before Warren Olney III and Gilbert F. Nelson, of your office, a few days ago and offered—if they would cease persecuting the hundreds of men and women who have dedicated their lives and all of their worldly goods to our ministry—to do virtually anything they might require of me, if they would but give these sincere Christian men and women the same protection as every other church in our country enjoys, including the right to **"illustrate"** as well as to preach their concept of Christ Jesus' teachings without being officially harassed and ridiculed because their religious convictions inspire them to engage in our kind of Christian ministry instead of some other: . . . these employees of yours only laughed at me—and thereby laughed at a few hundred thousand other citizens of this State who believe as I do. Do you want these people to think that you also laugh at our religious convictions? (To be continued)

Mertig Will Appeal to U. S. Supreme Court

Dear Mr. de Aryan:

We are now in the **fourth week** after Elmhurst's and my appeal was argued before the Appellate Division of the New York State Supreme Court in Brooklyn on June 3rd and although our case is so clearly a violation of our constitutional rights that the verdict should have been reversed without a moment's hesitation—not even taking into consideration the fact that not alone did I not say or do anything unlawful, but even was not there any more, when nothing unlawful was done at an entirely orderly meeting, as corroborated by some twelve sworn-to affidavits of witnesses, whom I had not known before the trial—**no decision has been handed down yet** notwithstanding the fact that cases of people confined to jail should receive preferential consideration. It just shows how low the state of justice has sunk with that custom of appointing political stooges to judgeships. And therefore it becomes necessary that my case be fought through to victory and if I may be compelled to bankrupt myself for years to come by finally taking my case to the U. S. Supreme Court next year. If I would not do that this miscarriage of justice would stand as a precedent and any three speakers could in future be railroaded under this misapplied "unlawful assembly" law—if they merely look a kike into the eye in New York City—and I consider it my duty to Aryan American citizens to save them from a repetition of such unlawfulness meted out to me. La Guardia started this corruption of justice when in 1937 he started the persecution against Aryan Americans by announcing himself a Chief Magistrate of New York City and champion of the Jewish race in the trumped up charges against Robert Edward Edmondson. His alleged instigation of the miscarriage of justice against me is, I hope, the last of La Guardia's political stunts before he will disappear from the political field into oblivion. Very sincerely yours,

KURT MERTIG

P. S. I just have been notified by my lawyer that my appeal has been denied by unanimous decision and that I therefore can hardly appeal any further. But there must be possible a further appeal to the U. S. Supreme Court, as a Constitutional question is involved. —K. M.

CHATS WITH GLADYS

"Honi Soit Qui Mal Y Pense"

THE MASTER-PLAN

"If you had to make a last will and testament, Kosti, what would you bequeath of priceless value to those you love?" asked Gladys after reading THE BROOM and the report on Arthur Bell's trial.

"After Jesus came to earth, some of his students left a NEW TESTAMENT to humanity as a whole, of the Christ message, the divine sonship of Man. But because very few people are sufficiently informed in the fundamentals of THOUGHT and of language, the multitude never makes use of this inheritance from Jesus' students. It is the most valuable, or priceless gift to humanity and, of course, had I the opportunity and choice I would re-bequeath the same information to my loved ones."

"Well, why don't you do it, then, Kosti?"

"In a manner of speaking, I have been doing it **between the lines in** practically every issue of THE BROOM. Sometimes I came out directly and in language that unequivocally stated the truths of LIFE and of the **divine government that rules supreme,** at other times the very manner in which I was taking issues with the mis-educators and misleaders in government, science and religion, pointed to the truth they misrepresented. For example, the front page has been carrying now for quite a while **CONTEMPLATION, Remember that in body thine a God is dwelling there; . . . "**

"But people are very queer, Kosti; some look at this CONTEMPLATION and after reading it the first time they take it for a sort of religious advertisement, or slogan and never give it another thought. You have to tackle the problem from another angle to call attention to the importance of the Christ message contained therein."

"There is one thing you must bear in mind, dear, where a person's heart is there lies their treasure."

"Meaning what in particular?"

"Suppose I do give an outline of my last will and testament. How many do you suppose would treasure it? They will look at this column, see it headed **"Chats with Gladys—THE MASTER-PLAN"** and turn the page saying: 'Another of his love affairs with Gladys. Why does that fellow not cut out his amorous mush and give us some real news instead?' How can we interest people in the real values of life if they themselves are not caring for them?"

"Just the same, I want such an outline, Kosti, for my own sake if nothing else. Am I that much worth to you?" and the she-monkey looked at me with entreating eyes and such devotion in her sweetness that sent a ray of love to the innermost chamber of my heart where LOVE dwells so that the divine Mentor responded in kind. Thought flashed on the screen of the brain outlining in an instant the essence of Gladys' prayer and its response. Now the problem is of translating it into words that even you can grasp and profit.

"My last will and testament to you, Gladys dear, and to my children and to all who want to benefit by my labor in this lifetime, would be a call to return to Father's realm of THOUGHT. People are not thinking right because they are ignorant."

"You mean return to first principle?"

"I would have to re-phrase it, because your wording has already lost its potency. You see, we have to re-phrase everything since the Devil's Sanhedrin has popularized all the magic sentences to satiety so that they have become words without meaning. No, I would say, people must return to the THOUGHT of God for the solution of their baffling problems instead of listening to murderers and war-lords like that advisor to war-presidents, Bernard Baruch, one of the heads of the American branch of the Sanhedrin."

"But how will they find God?"

"That is where Jesus pointed the way, my dear. He said **LOVE YOUR NEIGHBOR as yourself.** He also said: Do good to those who persecute you, and return bread for stone. That's how one finds God, for if one does hate the

brother one sees, how can one love his FATHER whom he does not see?"

"How would this apply particularly now, Kosti?"

"Well, do we love the Germans, the Russians, the Jews, the Japs, to name a few we are popularly propagandized to hate?"

"But, Kosti, you are after the Jews yourself in practically every issue of THE BROOM. Now you say we must love them to be able to find God."

"And THAT is the problem, Gladys. Here is where ignorance has been playing heck. To love is **to guide back to the MASTER-PLAN of LIFE** as outlined by the Builders of the Universe and ourselves in it. Now even you say that in every issue of THE BROOM I was giving hell to the Jews, if henceforth you will read the paper with intelligent discrimination you will discover that I was pointing out **where they are misleading the people against God** and for THAT I was giving them hell. I never denied them the chance for mercy or for improvement the way they deny it to the Germans under the Morgenthau Plan.'"

"I see the difference. You hate to see the USA turned into a charnel house the way Europe, Russia and China have been for generations."

"Yes, Gladys. Since Jewish leaders, like Baruch, have allied themselves with Gentiles, like the Rockefellers and other Tories, to destroy individual liberty and exploit us all, I am forced to do two things at the same time. On one hand I fight their rule-and-ruin program, on the other I present the IDEAL which is the MASTER-PLAN that we must follow to respond to the POWER that runs this universe and whose course punny man can never alter by opposition which will only crush him in the attempt."

"What is the MASTER-PLAN?"

"It is your natural Constitution and mine. We are formed in human shape with organs, talents and powers whose exercise determines our welfare or woe. Now if we use all these organs and gifts as the Master-Plan intended then we grow to ever higher stature in divine evolution of the Consciousness that makes us Masters of our own life and destiny. If we misuse our gifts and organisms, naturally, the machinery produces friction and havoc, for we are a part of the whole universe that is geared to the Master-Ideal of life itself and we cannot escape the consequences. The universe works on and he who is against it is crushed until eliminated."

"Then what you would leave us, whom you love, would be the outline of the mechanism we call our bodies and its relationship to the divine Master-Plan of life?"

"Yes, that's what my last will and testament would consist of."

"But, Kosti, to teach us the intricacies of the human mechanism and its relationship to our various talents and faculties would take a whole life-time in itself."

"More than that my Gladys, it takes all the life-times you have on earth. That's what we are living here for. What I bequeathe to you is **the knowledge that such Master-Plan was conceived by the Builders of the universe,** that is it is engraved into your very constitution and being and that you, even you,—if must be, even without outside assistance, can re-discover it in your own heart and consciousness by loving God with all your might, as your FATHER in whose image and likeness you **must live to exemplify His Master-Plan.**"

"You mean by being true to myself and nothing else, I can re-discover God's own plan of Creation?"

"That's my testament to you, child. That's what is means that God is our Father. His nature is our true nature and, as we are true to our best impulses and motives, more and more of God becomes manifest and that is how we grow in God's own knowledge of life and truth."

"But, Kosti, the details of the human mechanism are so complex and too numerous to be mastered even in a lifetime."

"What you don't learn now, you will on your return to earth until you completed your studies: **'Thus breathe on Him with senses pure, the Breath of Sacrifice'** my dear. All details of how to utilize your various organic functions and synchronize them with your spiritual and mental faculties are given in the text books written by Dr. Hanish for his Mazdaznan classes. There is no need for any white man or woman to plead ignorance. The Aryan teachers have provided us with all the necessary information."

"But why just Aryans, Kosti?"

"Because each race is built along different model lines, therefore each has a different line of operations. You cannot interchange parts of a "T" model Ford with a Willis 77 and so each race has its own type of mechanism, chemistry, ideals, aspirations and modus operandi. The Aryan or Caucasian race is organized along very specific lines. You study it and become acquainted with yourself. That's how you'll find God and will no longer be a slave to the Newdealers and the other rule-and-ruin criminals who are conspiring to enslave us and our children and their children's children in defiance of the Master's Plan of life."

Petition For Amnesty

Honorable Harry S. Truman
The White House
Washington, D. C.

Dear Mr. President:

On March 6, 1946, you said: "Now that we have preserved our freedom of conscience and religion, let us make use of that freedom."

The war is over. Yet thousands who because of conscience and religion could not comply with the Selective Service Act or were court-martialed for not obeying military orders, still remain in prison. These include Conscientious Objectors, Jehovah's Witnesses, Puerto Rican nationalists, Hopi Indians, and other humanitarian political prisoners.

Amnesties have been granted to political offenders in the past by eight Presidents of the United States. Many other countries have declared amnesties since the war. The USA has been instrumental in freeing Japan's million political prisoners. Britain had, at the close of the war last August, only 52 Conscientious Objectors in prison. Why then does the USA continue, nine months after the close of the war to imprison some 3,000 of its war objectors?

A general amnesty for violators of the Selective Service Act and for war objectors court-martialed by the armed forces, is the only practical way to free the men and to restore full civil rights to them and to the thousuands already released at the expiration of their sentences. Continued imprisonment of these men violates our tradition of freedom of conscience and endangers the civil liberties of all citizens.

I therefore petition you to grant such an amnesty immediately:

Name Address

.....

Will you give us a helping hand? Just clip the above, sign, and mail to the President. Address inquiries and send contributions to

Committee for Amnesty, Chicago Office, Primo Tasso, Treasurer, Room 601, 704 Rush St., Chicago 11, Illinois.

The Crime of Deportation

Honorable Cecil R. King
House of Representatives
Washington, D. C.

Dear Mr. Congressman:

I write you in reard to the case of **"John C. Schultz".** Mrs. Mary Gates Hamlin, of Inglewood, California, spoke to me on this subject because I know this man "Schultz", having met him at Mrs. Gates' house on more than one occasion, and I have known Mrs. Gates who lives with her single son for the past 20 years!

To deport "Schultz" in his state of health is plain murder, and I am convinced this man is harmless, also an ardent lover of animals; he seems to have been an unfortunate individual who did not make the grade in this country and gradually sunk until the war about finished him.

Mrs. Gates tells me, she likes this old man and has a job for him around her place in Inglewood, taking care of her cats and dogs and making himself generally useful and is willing to guarantee you that "Schultz" will never become a ward of the taxpayers of this country if she is allowed to keep him here.

To me, this looks like a happy solution to an ugly problem and, to say the least, "humane", four you know, to send him to Europe in his physical condition under present circumstances will not contribute to anyone involved having peace of mind.

Personally, the writer of this plea has had to reside for some months at the Veterans Administration Branch, L. A. 25, Cal., in order to treat an old War disability and although I bear a German name, am a Naturalized American of English descent.

Trusting, Sir, you will be able to help in this matter before it is too late and they have deported him.

Yours very sincerely,
EDWARD H. FRANKENSTEIN.

P.S. Mrs. Gates owns her own home and is herself and son gainfully employed, also I understand they own land on the desert where they intend building later.

Editor's Note: John C. Schultz is none other than the "J. C." writer from Ellis Island who, as a vegetarian took issue with the meat-eating Germans whom he called savages. We published his letter, allowing him the freedom of the press in America and as a result we received many insulting letters from idiotic, hide-bound Germans who cannot appreciate what a free press means and who threatened us with boycott. Such writers should return to Germany while Schultz fits in much better among peoples who dare speak up, something that was impossible under the ruthless Gestapo regime of Himmler, regardless of how many fool Germans in Yorkville and elsewhere still hanker after that brutal, murderous breed who ruined Germany and brought about the present disaster by engaging in a foolish war of "Aryan" conquest. Where are those "Aryans" now who placed their faith in blood and iron in place of the nobility of the true Aryan Spirit, exemplified in Jesus the Christ?!

If Hitler was an Aryan then the devil is a saint.

Dear Mr. Congressman:

This supplements the letter addressed to you by this Service on March 12, 1946, concerning the pending deportation proceedings in the case of John C. Schultz.

A report which has been received from the New York office of this Service indicates that negotiations are now in progress for the issuance of the necessary passport facilities with which to accomplish Mr. Schultz's deportation in accordance with the outstanding instructions It is contemplated that his deportation will be effected as soon as the passport arrangements have been completed.

Appeals Court Rejects Mertig Plea; Free in July

Jewish "Racism" Rampant in New York —Moves Toward Persecution Via "FEPC" Law

NEW YORK, June 29 (Special),—The Second Division Court of Appeals, after waiting three weeks, unanimously affirmed the guilty verdict of the Queens special sessions 3-judge court (no jury trial) against Kurt Mertig, the able and brilliant leader of many Yorkville citizens of German descent, and Ernest F. Elmhurst, whose famous book, "The World Hoax," earned for him the undying hatred of Red Jewry.

Chief Judge Harry E. Lewis, a prominent Jewish leader, was joined by his four Gentile associate judges in handing down the surprise decision, "without comment." Lawyers Alfred S. Holmes and Wm. W. Pellett of 500 Fifth Avenue filed a 180-page brief and made able oral argument for the defendants, without success.

The judges also rejected the motion of Lawyer Henry H. Klein, requesting the opportunity to present newly discovered evidence to show that the men were victims of entrapment and a frame-up by Jewish organizations and their Gentile stooges.

The chief judge is a top official of a high Jewish organization, which is interested in prosecuting anyone suspected of being Anti-Semitic. No one living in American sections of the U. S. can have any idea of the power of Jewish pressure here.

With one month of the six months' sentence off for good behavior, the defendants are expected to be freed on July 28. Their trials and treatment were a travesty on justice and a disgrace to the State of New York.

JEWISH ORGANIZATIONS ON "FEPC"

In no city in the world is **Jewish "racism"** so rampant as here in New York. Jews have literally hundreds of organizations and clanish clubs. They try to dominate everything they enter, when it means association of Jews and Gentiles.

On last Thursday night a large group of Jews and Negroes met in the auditorium of the Association of the Bar of the City of New York, to contact the officials of the "SCAD"—State Committee Against Discrimination.

Jewish and Negro organizations, such as the American Jewish Congress and the National Association for the Advancement of Colored People, were among 22 outfits assembled, and they protested sharply at the milder features of the infamous "FEPC" law enforcement. Like all Reds they want to hit employers.

Will Maslow, director of the commission on **law and social action** of the Am. Jewish Congress, speaking for the various Jews and Negroes present, demanded that "SCAD" allow **organizations** to intervene and **file complaints against employers** who discriminate against Negroes and Jews.

The desire of the Reds to plant Red Jews and Negroes as workers in any factory they select, via "discrimination" threats and prosecution if necessary, is shown by their trucu-lent speeches to the "SCAD".

Mrs. Caroline K. Simon, a member of the State Commission and obviously a Jewess made a remarkable speech via the Red radio station, WEVD, on Thursday night, in which she predicted that the much desired ultimate effect of the New York "F. E. P. C." law would be the integration, harmonization and **amalgamation socially** and economically of all three races here, in one happy melting-pot family.

FRENCH SUPPRESS AUSTRIAN PAPER

VIENNA,—The Innsbruck newspaper Tiroler Nachrichten which criticized the Allies for their severe treatment of Austrian Nazis has been suspended by French occupation authorities in Innsbruck, it is reported here.

Fiesta dela Luna, Chula Vista, Calif.

The Fiesta de la Luna has long been an annual custom in Chula Vista but was suspended because of the War. This year the citizens of Chula Vista, including the Businessmen, City Officials, Civic leaders and Women's Clubs have banded together and laid plans for an aggressive Fiesta that will be an outstanding event in the history of Chula Vista. The dates set for this Festival are August 15 through August 18.

Major General Charles F. B. Price has been appointed as a volunteer to serve as General Chairman of the "grand Parade" which opens Thursday, August 15 at 11 A. M. Invitations are being sent to the Chambers of Commerce in all communities throughout So. California to interest them in entering floats and bands in this Parade. Entry fees for floats will be $15 each and prizes ranging from $25 to $100 will be awarded.

Beatrice Johnson is now training and will direct the Fiesta Musicale to be presented each evening at 8:15 in the Chula Vista Civic Bowl. Admission will be $1 plus tax. Harlan Skinner who for several years has been in charge of instrumental music at the Sweetwater Union High School, is now forming the Fiesta Orchestra which will support the dance acts of the Musicale.

"F" Street in Chula Vista between Landis and Fourth has been set aside for booths, concessions and free outdoor entertainment. Street dancing will also be conducted each evening.

A Beauty Contest featuring beauty, charm and personality and a Handsome Man Contest are just two of the many unusual events to be offered during the Fiesta. On Sunday, August 18, a Western Horse Show will be featured and information will be sent within a few days to leading Horsemen and Horse Units throughout Southern California.

U. S. CUTS BAVARIAN PAPER FOR CRITIZING CZECHS

MUNICH, Germany,—The United States military government ordered Sueddeutsche Zeitung, Bavaria's leading newspaper, cut from six to four pages for a 30-day period as a penalty for having critized the Czechoslovak government for alleged ill treatment of German expelled from Czechoslovakia.

Hitler Was Normal and Sane

CHICAGO,—The recent investigation by the army medical department discloses that Hitler's fiendish ideals were not related to his physical condition. Due to the nature of his work, temperament, and nervous make-up he naturally had complaints. Indigestion is not uncommon in individuals of his position, especially during periods of stress and strain. Relief follows rest and relaxation, but when this is impossibe one nostrum after another is tried until the medicine chest is full. We could probably find dozens of individuals in our own neighborhood who are taking more remedies than Hitler ever dreamed of.

Hitler also showed other normal responses. A nervous tremor is always embarrassing and more so to one who was set up as a leader of the "master race." As a dictator he could have anything for the asking—except health and the ability to live forever. Consequently he was demanding of his physicians and "fired" them when they couldn't substitute medicine for sleep and glandular extracts for the aging processes.

He certainly could not be classified as a pervert. This was shown by his desire to entertain beautiful women and his love making with Eva Braun. The causes for his neurotic tendencies were all about him, but he was so deeply imbedded in troubles that a cure was impossible. He even showed good judgment in refusing morphine..

CASES ADJUDGED IN

HOLY TRINITY CHURCH v. UNITED STATES
Opinion of the Court. Page 471

And in the famous case of **Vidal v. Girard's Executors**, 2 How. 127, 198, this court, while sustaining the will of Mr. Girard, with its provision for the creation of a college into which no minister should be permitted to enter, observed: "It is also said, and truly, that the Christian religion is a part of the common law of Pennsylvania."

If we pass beyond these matters to a view of American life as expressed by its laws, its business, its customs and its society, we find everywhere a clear recognition of the same truth. Among other matters note the following: The form of oath universally prevailing, concluding with an appeal to the Almighty, the custom of opening sessions of all deliberative bodies and most conventions with prayer; the prefatory words of all wills, "In the name of God, amen;" the laws respecting the observance of the Sabbath, with the general cessation of all secular business, and the closing of courts, legislatures, and other similar assemblies on that day; the churches and church organizations which abound in every city, town and hamlet; the multitude of charitable organizations existing everywhere under Christian auspices; the gigantic missionary associations, with general support, and aiming to establish Christian missions in every quarter of the globe. These, and many other matters which might be noticed, add a volume of unofficial declarations to the mass of organic utterances that this is a Christian nation. In the face of all these, shall it be believed that a Congress of the United States intended to make it a misdemeanor for a church of this country to contract for the services of a Christian minister residing in another nation?

WHAT DOES HENRY H. KLEIN MEAN?

My Dear Mr. Klein:

In you story, **The Sanhedrin Produced World Destruction** you state: "For more than thirty years, the people have been humbugged about economics. They have been fed on false doctrine such as communism, socialism, single tax, in order to confuse their minds and make straight thinking impossible."

Do you refer to Henry George when you say "single tax"?

Sincerely, C. LEON de ARYAN

Dear Sir: I have been much interested in a number of articles printed in recent copies of your paper.

I am enclosing a one dollar bill and would like to start subscribing for the Broom beginning with the June 8th issue if that is possible.

I would also be thankful for any sample copies of back numbers, that I might distribute among my friends.

It is indeed refreshing to be able to read a publication that is so fearless and apparently guided by reason and human understanding instead of big business interests.

May your circulation increase and spread an influence far and wide, that the minds of men may be opened up and the old cobwebs of thought may be literally swept away.

Very sincerely yours, —H. G. P.

U. S. Senator Owen Brewster of Maine, member of the Pearl Harbor Investigating Committee, tried to persuade the Pearl Harbor Committee to hear the testimony of Tyler Kent just before the Committee's adjournment. Brewster referred to 1200 messages which Kent copied which passed between Roosevelt and Churchill. He insisted that these messages would interpret the preliminary steps to World War II. The Committee was afraid to hear Kent, and Kent refuses to report to anyone except an official government agency.

The Sanhedrin Produced World Destruction

By HENRY H. KLEIN

(Copyright 1945 by Henry H. Klein)

(Now that the worst world war is over, it is well to know who caused it and why. For that reason I have written this article—Henry H. Klein.)

* * * *

(Continued from last week)

If the Sanhedrin is the power that has ruled the world during the past fifteen years, then everything that has transpired during that time is understood. It was in accordance with the plan outlined in the Protocols that both revolutions (1905 and 1917) occurred in Russia; that we have had two world wars; that the stock markets of the world collapsed in 1929; that we have had world anti-semitism and that we even now have the threat of world revolution uttered by the blatant fake socialist Harold J. Laski of London, the pal of Felix Frankfurter, who says that revolution will come to the United States. The Sanhedrin then is only another name for the "Learned Elders of Zion" who are implementing all the steps in the program outlined in the Protocols. The Jews as a whole know nothing about this program, nor do they know anything about the Sanhedrin. The Protocols say we keep in the shade. All that the Jewish people know is that they have been herded together like sheep and that they are subject to every form of shakedown that can be devised; and they have been shakendown plenty in recent years.

The Sanhedrin program is backed by the money lords of the world. The Rothschilds were behind it from the beginning. They backed Herzl. The Rockefellers and others of great wealth in all countries, followed suit. Even directors of the great world utilities monopoly Sofina, were compelled to go along for war after their man Chamberlain was forced out of the prime ministership of Great Britain in 1940. Chamberlain wanted to preserve peace in Europe.

Why is the Sanhedrin so powerful? Because it has accumulated a vast store of wealth and because in their madness for world power, its members stop at nothing. Many prominent persons in the United States who opposed their program, died suddenly. The Protocols say we will exterminate those who oppose us; they will die as if from natural causes.

When will this madness end? When the people realize what is going on and end it, or when there is no one left who dare oppose the Sanhedrin. The Protocols refer to all persons as "subjects" under Sanhedrin rule and they refer to Christians (Goyim) as cattle. Civilization has circled the globe and reached its highest point in our country. A long period of darkness will follow, the same as followed the murder of Jesus, unless we prevent it. Corruption has again reached its lowest depths.

I realized the extent of Sanhedrin madness when I represented as counsel, one of the defendants in the so-called sedition trial in Washington, D. C., during 1944. I realized that native Americans were being persecuted because they exposed the Protocols and in order to prevent the people from realizing that the nation was being dragged surreptitiously into war. In the first paper that I filed in court for my client in January, 1944, I intimated that the prosecution originated in the brain of "British minded Felix Frankfurter." It was Frankfurter who kept Roosevelt under control to do the Sanhedrin bidding. Roosevelt had no choice. He had too many "Panamas" (financial scandals) and "dark stains" in his career and the Protocols say that only persons with "dark stains" or "Panamas" in their lives will be selected for high public office, so that they can be kept under control or exposed if they refuse to follow orders. My 18 charges for Roosevelt's impeachment which were before Congress since January 23, 1943, were not acted upon because of the influence of "Barney" Baruch over congress. Baruch's influence extends to the army and navy also.

Why have all the machinations of the Sanhedrin succeeded in the face of a so-called independent press? No daily newspaper in the United States is free from the Sanhedrin control, nor is any large magazine or book publisher. Twenty-five years ago, the publishers Putnams, wanted to publish the Protocols. They were firmly reminded that if they did so they would be forced out of business and ruined. The plates for the book which they had prepared after the type was set, were sold to a junk dealer. Since then Sanhedrin agents have bought all copies of the Protocols that could be found, printed in any language. It was a capital offence in Russia under Kerensky, in 1917, to own a copy. Copies in English are scarce. The Protocols were originally written in Hebrew and in French and translated into Russian, then into English by a British newspaper man who spent years in Russia as correspondent. They were also translated into German.

In 1935, an effort was made in Switzerland, to judicially supress the Protocols. Four boys were arrested charged with selling "obscene" literature. The only obscenity in the Protocols is the impudence of the authors whose cynicism and coldbloodedness surpass belief. The Protocols claim that the "elders" control all publications in Europe and this control has been extended to the United States and other countries where the money gang and the Sanhedrin rule. In the United States the newspapers have suppressed vital truths for many years. The Sanhedrin and the money gangs can't stand for truth in journalism, nor for honesty and independence among Jews.

How does the Sanhedrin exert its great power over the press? Largely through the control of advertising and bank credits; sometimes through spies and traitors in newspaper offices. Putnams ignored personal threats until their bank credit was threatened; then they considered the interest of their stockholders and surrendered in order to remain in business. The Sanhedrin money gang controls the radio and the movies and no person can get on the air unless he is "right" and no picture can be exhibited unless approved. The suppression of the truth and the control of the press is clearly set forth in several of the 24 Protocols and particularly in Protocol 12 where control of the press under Sanhedrin rule is outlined.

It has puzzled many persons including Jews, to see all the publicity about Jewish affairs in in the newspapers. For years, newspaper offices have been flooded with propaganda articles from scores of so-called agencies. Tens of millions of dollars have been collected from Jews and Christians for and because of this publicity and the program is to keep on publicizing. Most so-called pro-Jewish organizations are only propaganda agencies. There are scores of such agencies supposedly fighting anti-semitism and scores of them boosting zionism. So much wealth has been collected for these two ostensible purposes in recent years, that judaism and zionism seem to have become the most lucrative rackets in the United States, as any decent Jewish business men can testify. We must keep **anti-semitism alive say the Protocols, even though we sacrifice some of our own people.** Anti-semitism or anti-Jew has existed from the time the Sanhedrin caused Jesus to be murdered and the Jews blamed.

EDITOR MOVED 3 TIMES IN 3 MONTHS

Dear Sir.

Some time ago I sent you a couple dollars for BROOM but never received a copy. Enclosed now 25c for sample copy. — — F. J. M.

Dear F. J. M.:

Sorry to have missed sending you the paper. The reason is that during the past 3 months I had to move 3 times and being the only bookkeeper on this job, with my office at home, things got into an awful mixup. I appreciate your persistence in calling my attention to the oversight.

Sincerely, C. LEON de ARYAN.

Holland is virtually back to normal in food supply. Much food there is not now rationed. Many, many tons of food are spoiling because of red tape rulings which forbid the shipment of Holland food into Central Europe, especially Germany. The Morgenthau Plan to starve and liquidate the German race continues to operate. with some authority.

Tito and his Red comrades are now liquidating the Yugoslav peasants who voted on the 'wrong' side in the last election.

Congressman Isaacs Faces Handicap

Indications are that Ed. V. Izaacs, Congressman from San Diego, labor endorsed, faces a tough battle. For instance, in the June primary, some 78,367 votes were cast for congressional candidates from the 23rd district. Of these votes, combined Democratic and Republican, Ed Izaacs received 28,-999. The combined vote of his opponents was 49,368. And it's pretty unlikely that any voter that cast a ballot for either Republican candidate will switch to Izac. This means that Ed Izac is handicapped about 19,000 votes. And, it means that labor is going to have to do a first-rate job to overcome this handicap.

Winchell 'Scooped" On Strike Story

LOS ANGELES,— Radio Commentator Walter Winchell loves labor and he loves scoops —but when an AFL teamsters local went on strike against his sponsor, the Jergens Co., not a word came from the man who boasts he "fights for the workingman when he's right."

Stopping at Hollywood's Beverly-Wilshire Hotel, Winchell admitted to one inquiring reporter that he was scooped on the strike against his sponsor. He did not mention that for the 14 weeks since the strike began he had refused to answer telegrams, phone calls and letters from the Southern California Teamsters.

BOYCOTT VOTED

The walkout at Jergens Burbank plant Feb. 15 by members of Local 598, Intl. Bro. of Teamsters, was preceeded by three years of management refusal to abide by government orders calling for the union recognition and pay increases.

The Western Conference of Teamsters has voted an active boycott of the company's lotions, soaps, shaving creams, face powder and other products. Since the strike began almost no products have moved in or out of the Burbank plant.

BRITISH EVICTION BRINGS PROTEST

HAMBURG,— British authorities held an unannounced number of German civilians under arrest after a mass demonstration staged by Hamburg residents to protest an order directing 30,000 persons to evacuate their homes to make room for the families of British military personnel.

The demonstration, in which approximately 4000 persons participated, was the first large-scale manifestation of resentment against the Allied occupation.

The order which provoked the demonstration was issued in connection with a project to concentrate British army and military government headquarters—now scattered over a wide area—in Hamburg. British authorities said it is planned to build hundreds of homes during the next year to house British families, but in the meantime they will be quartered in homes vacated by German families.
